

# Centrient Sustainable Procurement Update

Centrient’s global manufacturing operations are supported by more than 2,500 global suppliers and contract manufacturing organizations (CMOs). To ensure a responsible supply chain, we closely monitor suppliers in regards of our ESG Material topics.

The following table state our Supplier ESG standards, which help us to ensure that our suppliers ESG performance and priorities are aligned with our ESG ambition and material topics.

TOPIC	BY 2025	BY 2028	ADVANCED 2030
<b>ESG Reporting / Performance</b>	ESG Reporting Ecovadis Rated (any)	Ecovadis Badge (any)  OR PSCI with good result	Ecovadis badge with improvement plans in place if applicable.  AND PSCI great results
<b>Carbon Emissions performance</b>	Carbon footprint mapping in place (Scope 1 and 2)	Include Scope 3  Commitment to Centrient’s GHG reduction ambition	SBTi validated targets
<b>Detailed product footprint &amp; GHG Allocation to Centrient</b>		For CMOs	For Raw Material suppliers
<b>PNEC (Predicted no-effect concentration) limits</b>		Compliance	Compliance  AMR IA Recommended framework for antibiotics suppliers
<b>Supplier Code of Conduct + Human Rights</b>	Adherence to our Business Partner Code of Conduct	Compliance	Certification
